

Xetra Circular 077/18

Revocation of restrictions to the issuance of settlement declarations for medical cannabis related securities

With Xetra circular 069/18 on 22 June 2018, we informed you about the restrictions to the issuance of settlement declarations by Clearstream Banking AG and Clearstream Banking SA for cannabis related securities.

According to the Clearstream announcement from 17 July 2018, securities of issuers whose main purpose is the production or financing of medical cannabis (i.e. cannabis which is directly or indirectly used for medical purposes) will be removed from the restricted list, which has been published on 22 June 2018. The revocation of these restrictions will come into effect on 19 July 2018.

Please note that the restrictions communicated to you via Xetra circular 069/18 still apply for all remaining securities published by Clearstream (see „*CBL restrictions on securities related to the cannabis sector*“). Clearstream Banking customers with such securities are still required to remove those securities held by Clearstream Banking from the systems by **28 September 2018**. Please contact your settlement bank for further information.

Clearstream published a list with restricted as well as non-restricted securities which will come into effect on 19 July 2018. Both lists can be found [here](#).
